The guide is a channel based way to browse live and upcoming content. You can filter out stuff that you're not subscribed to as well as by movies, sports, news, kids and more.

When you select a program, you'll see a quick view with description and other information as well as a mini player. Inside the quick view, you can also set recordings as well as go to the full show or movie details page.

Also, with Catch Up, many channels allow 3 days of recorded programming, so if you missed your favorite show and forgot to record it, you can navigate backwards in the guide to watch programs that have already aired.
